Biochemistry: A Case-Oriented Approach By Rex Montgomery PhD DSc, Thomas W. Conway PhD, Arthur A. Spector MD, David Chappell MD

This text presents basic biochemistry material along with case studies and clinical comments in a problem-solving approach. Thorough discussion of each case provides links between biochemistry and human health and disease. USMLE-type questions at the end of each chapter allow for exam review. An expanded table of contents makes locating information easy. Updated edition includes improved two-color illustrations.

Spanish version also available, ISBN: 84-8174-302-X
