

Contemporary Metaethics: An Introduction

By Alexander Miller

Contemporary Metaethics: An Introduction By Alexander Miller

This new edition of Alexander Miller's highly readable introduction to contemporary metaethics provides a critical overview of the main arguments and themes in twentieth- and twenty-first-century contemporary metaethics. Miller traces the development of contemporary debates in metaethics from their beginnings in the work of G. E. Moore up to the most recent arguments between naturalism and non-naturalism, cognitivism and non-cognitivism.

From Moore's attack on ethical naturalism, A. J. Ayer's emotivism and Simon Blackburn's quasi-realism to anti-realist and best opinion accounts of moral truth and the non-reductionist naturalism of the 'Cornell realists', this book addresses all the key theories and ideas in this field. As well as revisiting the whole terrain with revised and updated guides to further reading, Miller also introduces major new sections on the revolutionary fictionalism of Richard Joyce and the hermeneutic fictionalism of Mark Kalderon.

The new edition will continue to be essential reading for students, teachers and professional philosophers with an interest in contemporary metaethics.

Editorial Review

Review

"No student or teacher could want for a more knowledgeable and lucid guide - essential reading for any moral philosopher who wants to be taken seriously."

Morning Star

"This remains the indispensable guide to the subject for advanced undergraduates, graduate students, and philosophers wanting to get 'up to speed' on the issues."

Brian Leiter, University of Chicago

"For many years, the first edition of Alex Miller's *An Introduction to Contemporary Metaethics* has been the primary text for my course on metaethics. No text that I know of introduces students so thoroughly to the central theories, distinctions and arguments. The second edition fills in the additional background now needed. In particular, the expansion of the chapter on error theories is particularly welcome."

Nadeem Hussain, Stanford University

"Given its breadth, thoroughness, and originality, Miller's *An Introduction to Contemporary Metaethics* is compulsory reading for everyone interested in metaethics. The updated material of this second edition guarantees that there will soon exist a second generation of metaethicists for whom reading this book is a formative experience."

Jussi Suikkanen, University of Birmingham

Acclaim for the first edition:

"*An Introduction to Contemporary Metaethics* provides for the first time a critical survey of famous figures in 20th Century metaethics together with in-depth discussions of contemporary philosophers and will be an invaluable resource for students, teachers and professional philosophers with interests in contemporary metaethics."

Philosophical Inquiry

"His discussion is always succinct, rigorous and lucid. The book will be very useful to upper-division undergraduates."

Choice Magazine

"A precise and accessible reading of a rather complicated subject."

Syzetesis

"In this book Alexander Miller, an established expert in moral philosophy, provides a concise, clear and insightful account of the central issues of metaethics. He manages to make these difficult issues accessible to those who are new to this area of philosophy, while offering original contributions to the debates that will be of interest to experts in the field. This is an engaging and accomplished introductory work."

Philip Stratton-Lake, University of Reading

"Miller's book is ambitious, lucid, and comprehensive – an extremely useful and detailed study of the field. I wish it had been available when I taught my graduate seminar in moral realism, for it would have made an excellent reference work throughout the course – both for its clear exposition and its rigorous critical

perspectives. I recommend it to all serious students of metaethics."

John Corvino, Wayne State University

About the Author

Alexander Miller is Professor of Philosophy at the University of Otago.

Users Review

From reader reviews:

Michael Colburn:

What do you about book? It is not important along? Or just adding material when you need something to explain what yours problem? How about your time? Or are you busy particular person? If you don't have spare time to accomplish others business, it is make you feel bored faster. And you have extra time? What did you do? All people has many questions above. They need to answer that question due to the fact just their can do that. It said that about guide. Book is familiar on every person. Yes, it is correct. Because start from on jardín de infancia until university need this Contemporary Metaethics: An Introduction to read.

Frederick Avelar:

Do you one of people who can't read gratifying if the sentence chained from the straightway, hold on guys this kind of aren't like that. This Contemporary Metaethics: An Introduction book is readable simply by you who hate those perfect word style. You will find the details here are arrange for enjoyable examining experience without leaving possibly decrease the knowledge that want to supply to you. The writer of Contemporary Metaethics: An Introduction content conveys thinking easily to understand by many people. The printed and e-book are not different in the information but it just different such as it. So , do you continue to thinking Contemporary Metaethics: An Introduction is not loveable to be your top collection reading book?

Samantha Graham:

Why? Because this Contemporary Metaethics: An Introduction is an unordinary book that the inside of the publication waiting for you to snap that but latter it will zap you with the secret the item inside. Reading this book beside it was fantastic author who all write the book in such incredible way makes the content inside of easier to understand, entertaining approach but still convey the meaning completely. So , it is good for you because of not hesitating having this anymore or you going to regret it. This book will give you a lot of benefits than the other book get such as help improving your expertise and your critical thinking way. So , still want to hold up having that book? If I were being you I will go to the reserve store hurriedly.

Olga Andres:

As a pupil exactly feel bored in order to reading. If their teacher asked them to go to the library or make

summary for some publication, they are complained. Just minor students that has reading's internal or real their leisure activity. They just do what the teacher want, like asked to the library. They go to generally there but nothing reading really. Any students feel that examining is not important, boring along with can't see colorful images on there. Yeah, it is to be complicated. Book is very important for you. As we know that on this time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. So , this Contemporary Metaethics: An Introduction can make you truly feel more interested to read.
