

The Toolbox

By Anne Rockwell, Harlow Rockwell

The Toolbox By Anne Rockwell, Harlow Rockwell

Look inside this well-loved toolbox-there is so much to discover! It holds strong wrenches that turn, pliers that pinch, and sandpaper that smooths. There are nails, screws, and a hammer. A toolbox is a treasure trove for curious young builders. When they're not running to explore their own tool collections, children will be glued to this book, exploring the shapes, names, and useful jobs of common hand tools. Anne and Harlow Rockwell's preschool classic, for the first time in board book format, still shines with a well-crafted simplicity that speaks to the desire young children feel to make something uniquely their own.
