Mimicry is prerequisite for developing creativity. We learn the use of our tools by mimicry. Then we can use those tools for creativity. To this end I would offer the budding artist the opportunity to memorize or mimic (rotelike, if you wish) the making of "pictures." "Pictures" he has been anxious to draw.

The use of this book should be available to anyone who wants to try another way of flapping his wings.

Perhaps he will then get off the ground when his friend says, "David can draw a speedboat better than anybody else!"
