Editorial Review

From [Booklist](#)

After receiving the news that he is now the guardian of Miss Henrietta Tweed, Lucien Trent Blakewell realizes he has two options: take control of her affairs himself or agree to sign over control of Henrietta's fortune to the lady herself. Lucien refuses to believe Henrietta's wild claims that she carries a curse that delivered an untimely death to her five previous guardians, but taking on the duties of guardianship would definitely put a dent in Lucien's busy social calendar. Since Lucien does believe that no woman can manage her own financial affairs, giving Henrietta control of her own money is also out of the question. Which leaves Lucien with only one other solution: find his charge a suitable husband. Grey expertly imbues her latest neatly crafted Regency historical—and the first in a new series—with intriguing danger, sharp humor, and plenty of simmering sexual chemistry.
