Managing Sport Development: An international approach From Routledge

Sport development has become a significant part of the international sport industry. The development *of* sport (creating pathways for participation and talent development) and sport *for* development (using sport as a tool to achieve outcomes beyond sport) are now fundamental aspects of the organisation and governance of sport around the world. Consequently, any manager working in sport today needs to understand what sport development is and how sport development programs can be managed, implemented and evaluated. This is the first undergraduate textbook to offer a complete introduction to sport development, covering theory and its application to managerial practice, with examples from international contexts.

The book integrates discussion of the development *of* sport and sport *for* development in every chapter, with international case studies to illustrate the significance and application of both. Each chapter introduces key theory, examines the implications of theory for practice and critically analyses practical managerial issues. Discussion of both able-bodied and disability sport are embedded throughout, and the book includes a range of useful features to aid understanding, such as learning objectives, real world data and examples, key terms, review questions, and a companion website containing slides and a test bank for instructors.

Managing Sport Development is an essential text for any introductory sport development course, and invaluable reading for any course on international sport management, sport policy, sport governance, sport and social issues, or coach education.

Editorial Review

About the Author

Emma Sherry is a Senior Lecturer within the La Trobe University Centre for Sport and Social Impact, specialising in the area of sport development. Emma's PhD studies investigated conflict of interest in the Australian Football League. Emma's current research interests include community development through sport activities, undertaking a broad range of research projects with national and regional sport organisations in Australia and Oceania, including Netball Australia, National Rugby League, Australian Football League, Tennis Australia and Hockey Victoria. Other recent research has included access and equity in sport participation, sport in correctional facilities, and sport and recreation for at-risk and marginalised communities. Emma is co-editor for the *Journal of Sport for Development* and is on the editorial board of *Communications and Sport Journal*. Emma has worked in roles in the area of sport facility and event management and recreation management within the local government and university sport sectors. Emma also sits as a director on the Vicsport board.

Nico Schlenkorf is Senior Lecturer for Sport Management at the University of Technology Sydney (UTS). His research focuses on the social, cultural and health-related development outcomes of sport and event projects, and he is the author of several peer reviewed journal articles. Nico is co-founder and editor of the *Journal of Sport for Development*.

Pamm Phillips is an Associate Professor in Sport Management at Deakin University. Pamm's research is focused on understanding sport organisation development, including formulating and testing intervention strategies that optimise an organisation's effectiveness and enhances the quality of life for individuals who participate and work in sport.

Users Review

From reader reviews:

Rose Cordeiro:

As people who live in often the modest era should be upgrade about what going on or facts even knowledge to make these people keep up with the era that is always change and progress. Some of you maybe will probably update themselves by reading through books. It is a good choice for you but the problems coming to anyone is you don't know what type you should start with. This *Managing Sport Development: An international approach* is our recommendation to help you keep up with the world. Why, because this book serves what you want and want in this era.

Frances Lockhart:

A lot of people always spent their free time to vacation as well as go to the outside with them friends and

family or their friend. Did you know? Many a lot of people spent they free time just watching TV, or playing video games all day long. If you need to try to find a new activity honestly, that is look different you can read a new book. It is really fun for yourself. If you enjoy the book that you read you can spent all day every day to reading a reserve. The book Managing Sport Development: An international approach it is quite good to read. There are a lot of individuals who recommended this book. These people were enjoying reading this book. If you did not have enough space to develop this book you can buy typically the e-book. You can m0ore simply to read this book out of your smart phone. The price is not too expensive but this book features high quality.

Lou Whisenhunt:

Is it a person who having spare time and then spend it whole day by means of watching television programs or just laying on the bed? Do you need something totally new? This Managing Sport Development: An international approach can be the solution, oh how comes? A fresh book you know. You are consequently out of date, spending your time by reading in this brand new era is common not a nerd activity. So what these publications have than the others?

Pamela Bost:

In this era which is the greater person or who has ability in doing something more are more treasured than other. Do you want to become considered one of it? It is just simple way to have that. What you should do is just spending your time not very much but quite enough to enjoy a look at some books.
