The FINTECH Book: The Financial Technology Handbook for Investors, Entrepreneurs and Visionaries By Susanne Chishti, Janos Barberis

A front-line industry insider's look at the financial technology explosion

The FINTECH Book is your primary guide to the financial technology revolution, and the disruption, innovation and opportunity therein. Written by prominent thought leaders in the global fintech investment space, this book aggregates diverse industry expertise into a single informative volume to provide entrepreneurs, bankers and investors with the answers they need to capitalize on this lucrative market. Key industry developments are explained in detail, and critical insights from cutting-edge practitioners offer first-hand information and lessons learned.

The financial technology sector is booming, and entrepreneurs, bankers, consultants, investors and asset managers are scrambling for more information: Who are the key players? What's driving the explosive growth? What are the risks? This book collates insights, knowledge and guidance from industry experts to provide the answers to these questions and more.

- Get up to speed on the latest industry developments
- Grasp the market dynamics of the 'fintech revolution'
- Realize the sector's potential and impact on related industries
- Gain expert insight on investment and entrepreneurial opportunities

The fintech market captured over US\$14 billion in 2014, a three-fold increase from the previous year. New startups are popping up at an increasing pace, and large banks and insurance companies are being pushed toward increasing digital operations in order to survive. The financial technology sector is booming and *The FINTECH Book* is the first crowd-sourced book on the subject globally, making it an invaluable source of information for anybody working in or interested in this space.

Editorial Review

Review

Fantastic project worth reading and sharing the crowdsourced format makes it a strong instrument and resource for professionals and organisations worldwide (Open Business Council, March 2016) " For the layman and the investor there is plenty to learn from and dip in and out of (Economia, May 2016)

From the Back Cover

THE FIRST GLOBALLY CROWDSOURCED BOOK ON FINTECH

The FinTech Book is the leading guide to the financial technology revolution—including the disruption, innovation and lucrative opportunities. Created by two prominent thought leaders in FinTech and the associated investment space, this groundbreaking guide showcases the leading industry influencers in FinTech in a single, informative volume.

Entrepreneurs and investors will find this an invaluable resource to uncovering new opportunities and maximizing their ROI in this growing market. This inspiring book covers every major industry development in depth, complete with firsthand insights and lessons learned by practitioners at the cutting edge. This first comprehensive volume on the global state of FinTech gives you a distinct competitive advantage by:

- Illustrating the ins and outs of the industry with the leading figures at the centre of the action
- Detailing the unique market dynamics of the FinTech revolution
- Illuminating the diverse potential of the sector and the various ways it can impact related industries
- Showing you firsthand how other investors and entrepreneurs have risen to the top of this dynamic environment
- Explaining key themes such as API economy, behavioural biometrics, blockchain, digital currencies, financial inclusion, fintech hubs, mobile payments, predictive algorithms, and robo-advisors.

Whether you are responding to disruption or wanting to profit from innovation *The FinTech Book* is for you.

Does one one of the book lovers? If yes, do you ever feeling doubt when you find yourself in the book store? Try and pick one book that you find out the inside because don't evaluate book by its handle may doesn't work at this point is difficult job because you are frightened that the inside maybe not because fantastic as in the outside appearance likes. Maybe you answer is usually The FINTECH Book: The Financial Technology Handbook for Investors, Entrepreneurs and Visionaries why because the amazing cover that make you consider concerning the content will not disappoint you actually. The inside or content is fantastic as the outside or cover. Your reading sixth sense will directly show you to pick up this book.

Christine Brooks:

As a pupil exactly feel bored for you to reading. If their teacher asked them to go to the library as well as to make summary for some publication, they are complained. Just tiny students that has reading's heart and soul or real their pastime. They just do what the instructor want, like asked to the library. They go to generally there but nothing reading very seriously. Any students feel that studying is not important, boring and also can't see colorful photos on there. Yeah, it is to become complicated. Book is very important for you personally. As we know that on this era, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore , this The FINTECH Book: The Financial Technology Handbook for Investors, Entrepreneurs and Visionaries can make you truly feel more interested to read.
