Catching Fire – Hunger Games Book 2: A Full Summary & More!

Catching Fire is the second book in The Hunger Games Trilogy, written by Suzanne Collins. Similar to the first sequel, this book follows adventures of female protagonist Katniss Everdeen.

Catching Fire was published back in 2009 by Scholastic in hardcover, as e-book and in audio format. One of the best things considering this book is the book's ending and the author's narrative. Collins' second work received mostly positive reviews, which is absolutely understandable, especially if we fully dive into the world of Katniss and her friends.

It is also important to note that Catching Fire book was sold in more than twenty million copies in the United States alone and that thanks to its success it received movie adaptation in 2013.

Let us say something more about the Trilogy itself.

The Hunger Games trilogy takes place in frictional world called Panem (that is Latin for 'bread'). From this we can see that bread plays a great role in the whole series. Realm of Panem is divided into altogether twelve districts and each of these districts is connected with its own distinctive industry and culture, which is related with that industry.

Catching Fire follows the story immediately after ending of the first book and after Katniss' win in the Hunger Games. What comes next on her path is up to us to see.

Here Is A Preview Of What You Will Get:
