Editorial Review

Review

A true utility system engineer you can go to and count on when you need something done -- *Anonymous private sector director, Winter 2004*

An Engineer's Engineer who understands, then provides the detailed process and solutions needed. -- *Anonymous private intranet director, Fall 2000*

The insight on how to apply and help others, goes another level with information protection. He is very helpful. -- *Corporate Information Security Officer, global enterprise infrastructure corporation, September 2003*

About the Author

A Leading Information Technology and Information System engineer, committed professional and industry steward who time and time again quietly delivers complete and accurate, efficient and effective, repeatable end-to-end system solutions for the stakeholders in classified and non-classified environments. Written by a 48 year old, family-man and working professional 20+ years of real world, practical, hands-on experience. Direct experience with 10 of 100's of the most daunting and most complex LAN, MAN and WAN world-wide corporation, company, agency, civil, private and public Internet, Extranet and Intranets around our globe. B.S. U.S. Naval Academy, M.S. George Washington University, many manufacturers, OEM, partners and industry recognized earned certifications with Unix, OSI,ISO, IEEE for leading best of class, best of breed applications, services and protocols. Written by a person who reasonably has experienced and understands the details and complexities required with every aspect of assessing, studying, designing, building, testing and most importantly effectively and efficiently sustaining End-to-End (E2E) architectures, administration, operations and maintenance. The author has lead, installed or made significant contributions with the design of many existing aspects of global enterprises operating today.

Users Review

From reader reviews:

Linda Manuel:
