Editorial Review

About the Author

Gail Wagner has always had a love of books. She was the kid you saw walking down the hall with her nose in a book, the one who read under her desk while the teacher taught, and the one who had already read all the required reading assignments just for fun. She'll read anything that stands still long enough...including the backs of shampoo bottles, should she get bored enough! She lives in the Four Corners area with her (very patient) husband, their three children, and a big black cat. For more information check <http://www.gailwagnerbooks.com>.
