By Dr Andrew H Thomas

Hidden In Plain Sight: The fundamental link between relativity and quantum mechanics By Dr Andrew H Thomas

You never knew theoretical physics could be so simple! In this exciting and significant book, Andrew Thomas clearly illustrates the simplicity which lies behind nature at its fundamental level. It is revealed how all unifications in physics have been based on incredibly simple ideas.

Using a logical approach, it is explained how the great 20th century theories of relativity and quantum mechanics share a common base, and how they can be linked using an idea so simple that anyone can understand it.

An idea which is so simple it has been hidden in plain sight.
