Editorial Review

Review

What if Vichy France cooperated with the Allies to invade the undefended southern coastline of France? A thorough alternative history. (*World War II Magazine*)

This fascinating alternative history comes close to informing us exactly what might have happened had D-Day in Europe come as early as some had wished. (*Books Monthly UK*)

The case he invites the reader to examine here is plausibly presented, well articulated, sound in terms of methodology and, ultimately, disturbing because it does look so promising. Of all the players, Churchill would probably have the most to answer for. The book deserves to be read with serious intent and rapt attention. (*Speed Readers Reviews*)

...uses historical facts and details to energize this work of fiction with realism. His spirited writing propels the warfare vividly chronicled ... intriguing alternative history leaves the reader wondering what if D-Day had happened elsewhere and earlier...' (*Toy Soldier and Model Figure Magazine*)

Grace presents readers with an alternate history of the allied invasion of France based on options explored and debated but ultimately ruled out in the preparations to open a second European front in World War II. The author has organized the main body of his text in eleven chapters, beginning with what would have most likely occurred had the Allies elected to invade the south of France first rather than North Africa and proceeding through the likely evolutions of the battles of the war in Europe from there to the ultimate conclusion. Alexander M. Grace, Sr., is an author, retired diplomat, Foreign Service officer, and teacher working in Florida. (*Protoview*)

About the Author

Alexander M. Grace is the author of a number of well-received novels including Holy War, Hegemon, Coup and Sky Blue. When not writing he is a professor and former Foreign Service officer.

Users Review
