

How to Win the Culture War: A Christian Battle Plan for a Society in Crisis

By Peter Kreeft

How to Win the Culture War: A Christian Battle Plan for a Society in Crisis By Peter Kreeft

The battle lines have been drawn. Many Christians have fallen into the trap of proclaiming "Peace! Peace!" when there is no peace. Hiding their eyes from the pressing issues of the day, they believe that resistance to the prevailing culture is useless. At the same time, other Christians have been too quick to declare war, mistaking battlefield casualties as enemies rather than victims. In *How to Win the Culture War* Peter Kreeft issues a rousing call to arms. Christians must understand the true nature of the culture war--a war between the culture of life and the culture of death. Kreeft identifies the real enemies facing the church today and maps out key battlefields. He then issues a strategy for engagement and equips Christians with the weapons needed for a successful campaign. Above all, Kreeft assures us that the war can be won--in fact, it will be won. For those who hope in Christ, victory is assured, because good triumphs over evil and life conquers death. Love never gives up. Neither must we.

Editorial Review

From Publishers Weekly

We're at war and we don't even know it, claims Kreeft, a philosophy professor at Boston College and a popular Christian writer. He describes the state of modern society and calls Christians back to a more biblical view of the world, pointing to the reality of evil spiritual beings, the existence of sin and the importance of recognizing the results of cultural pressure. He also has a fascinating argument concerning the central role of sexuality in the current "culture wars." Unfortunately, many readers will be driven off by Kreeft's snide, caustic tone. For example, he describes those who embrace the New Age movement as people "who always seemed to be flighty, flaky and female, at least in spirit." Moreover, while Kreeft frequently refers very positively to ecumenism, his perspective is much more Roman Catholic than reflective of the wider Christian audience he seeks to reach. Many readers will not agree that, for example, contraception should be categorized together with "sodomy, fornication and prostitution" as "clear and obvious sins." Kreeft's venture into the "Screwtape" idiom of C.S. Lewis makes for very interesting reading, though here, again, the assumption that the Protestant Reformation was a particularly successful attack by Satan will jar many. Kreeft ends the book with a call to sainthood, exhorting Christians to genuinely live out the goodness made available to them by the grace of God, and a stirring affirmation that goodness will indeed triumph over evil. Mark Blanding:

Are you kind of hectic person, only have 10 or maybe 15 minute in your morning to upgrading your mind skill or thinking skill even analytical thinking? Then you have problem with the book than can satisfy your short time to read it because all this time you only find reserve that need more time to be examine. How to Win the Culture War: A Christian Battle Plan for a Society in Crisis can be your answer given it can be read by an individual who have those short free time problems.

Irving Tarkington:

As a college student exactly feel bored in order to reading. If their teacher asked them to go to the library or to make summary for some book, they are complained. Just very little students that has reading's internal or real their pastime. They just do what the educator want, like asked to the library. They go to generally there but nothing reading significantly. Any students feel that examining is not important, boring in addition to can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important in your case. As we know that on this period of time, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore this How to Win the Culture War: A Christian Battle Plan for a Society in Crisis can make you experience more interested to read.
