

Cunningham's Textbook of Veterinary Physiology, 5e

By Bradley G. Klein PhD

Cunningham's Textbook of Veterinary Physiology, 5e By Bradley G. Klein PhD

Understanding the normal functions of the body is essential for successful veterinary practice and for understanding the mechanisms of disease. The 5th edition of **Textbook of Veterinary Physiology** approaches this vast subject in a practical, user-friendly way that helps you understand how key concepts relate to clinical practice. From cell physiology to body system function to homeostasis and immune function, this comprehensive text gives you the solid foundation you need to provide effective veterinary care.

- **Clinical Correlations boxes** present case studies that illustrate how to apply physiology principles and concepts to the diagnosis and treatment of veterinary patients.
- **Key Points** at the beginning of each chapter introduce new concepts and help you prepare for exams.
- **Practice questions** at the end of each chapter test your understanding of what you've just read and provide valuable review for exams.
- **Full-color format** highlights helpful information and enhances learning with a wealth of illustrations that visually depict specific functions and conditions.
- **Expanded resources on the companion Evolve website** include state-of-the-art 3D animations, practice questions, a glossary, and additional *Clinical Correlations* not found in the text.

Editorial Review

Review

"Building on previous versions, the new editions of this book proposes to be an accompaniment to first-year students of veterinary-related subjects, but will also prove to be a useful aid to students of other, related scientific disciplines where an overview or aspects of veterinary physiology is required...The text is readily populated with very high-quality illustrations, which prove extremely useful in helping to visualise and understand the concepts and information presented."

Veterinary Record, May 2013

Users Review

From reader reviews:

Lewis Manns:

In this era globalization it is important to someone to acquire information. The information will make someone to understand the condition of the world. The fitness of the world makes the information simpler to share. You can find a lot of recommendations to get information example: internet, paper, book, and soon.
