By Marcia Cornett, Troy Adair, John Nofsinger

Finance: Applications and Theory with Connect Access Card By Marcia Cornett, Troy Adair, John Nofsinger

Finance, 3e, by Cornett/Adair/Nofsinger incorporates the newest technology to facilitate the learning process, saving valuable time for you and your students. The Third Edition continues to provide the core topics for the course, highlighting personal examples to help students relate to the material. And now, McGraw-Hill's adaptive learning component, *LearnSmart*, provides assignable modules that help students master chapter core concepts and come to class more prepared. In addition, resources within *Connect* help students solve financial problems and apply what they've learned. Cornett's superior pedagogy, extensive end-of-chapter problems, emphasis on the personal perspective, and focus on the core concepts combine with a complete digital solution to help students achieve higher outcomes in the course.

Editorial Review

About the Author

Marcia Millon Cornett is the Rehn Professor of Business at Southern Illinois University at Carbondale. She received her B.S. degree in Economics from Knox College in Galesburg, Illinois, and her M.B.A. and Ph.D. degrees in Finance from Indiana University in Bloomington, Indiana. Dr. Cornett has written and published several articles in the areas of bank performance, bank regulation, and corporate finance. Articles authored by Dr. Cornett have appeared in such academic journals as the *Journal of Finance*, the *Journal of Money, Credit and Banking*, the *Journal of Financial Economics*, *Financial Management*, and the *Journal of Banking & Finance*. She served as an associate editor of *Financial Management* and is currently an associate editor for the *Journal of Banking & Finance*, *Journal of Financial Services Research*, *FMA Online*, the *Multinational Finance Journal* and the *Review of Financial Economics*. Dr. Cornett is currently a member of the Board of Directors, the Executive Committee, and the Finance Committee of the SIU Credit Union. Dr. Cornett has also taught at the University of Colorado, Boston College, and Southern Methodist University. She is a member of the Financial Management Association, the American Finance Association, and the Western Finance Association.

Troy Alton Adair Jr. Associate Vice President for Institutional Effectiveness at Berkeley College. He received his BS degree in computers/information science from the University of Alabama at Birmingham, his MBA from the University of North Dakota, and his PhD in finance from Indiana University. Dr. Adair has written articles on bank regulator self-interest, analyst earnings per share forecasting, and capital budgeting in continuous time and is the author of *Corporate Finance Demystified*, *Excel Applications in Corporate Finance*, and *Excel Applications in Investments* (all McGraw-Hill/Irwin). He has also served as a consultant on financial data information systems and business intelligence to a number of international banks and insurance companies, and as the faculty representative to the board of trustees investments committee at Alma College. Dr. Adair has also taught at the University of Michigan, Alma College, Hofstra University, Indiana University, and the University of North Carolina at Chapel Hill. He is a member of the Financial Management Association, the American Finance Association, and the Southern Finance Association.

John Nofsinger Professor of Finance at Washington State University. He earned his BS degree in electrical engineering from Washington State University, his MBA degree from Chapman University, and his PhD degree in finance from Washington State University. Dr. Nofsinger has written dozens of articles in the areas of investments, corporate finance, and behavioral finance. These papers have appeared in the scholarly journals, the *Journal of Finance*, *Journal of Business*, *Journal of Financial and Quantitative Analysis*, *Financial Management*, *Journal of Corporate Finance*, *Journal of Banking and Finance*, *Journal of Behavioral Decision Making*, among others. Dr. Nofsinger has also authored (or coauthored) six trade books and textbooks that have been translated into six different languages. The most prominent of these books are the industry book, *The Psychology of Investing*, and a textbook, *Investments: Analysis and Behavior* (McGraw-Hill/Irwin, coauthored with Mark Hirschey, the Anderson W. Chandler Professor of Business at the University of Kansas). Dr. Nofsinger is a leading expert in behavioral finance and is a frequent speaker on this topic at industry conferences, universities, and academic conferences. He has often been quoted or appeared in the financial media, including *The Wall Street Journal*, *Financial Times*, *Fortune*, *Bloomberg BusinessWeek*, *Smart Money*, *Washington Post*, and *CNBC*, and other media from *The Dolans* to *The*

Users Review

From reader reviews:

Willie Burroughs:

Reading a guide can be one of a lot of pastime that everyone in the world enjoys. Do you like reading book and so. There are a lot of reasons why people like it. First reading a publication will give you a lot of new data. When you read a guide you will get new information since book is one of several ways to share the information as well as their idea. Second, looking at a book will make a person more imaginative. When you studying a book especially fiction book the author will bring you to definitely imagine the story how the figures do it anything. Third, you may share your knowledge to other individuals. When you read this Finance: Applications and Theory with Connect Access Card, you are able to tells your family, friends as well as soon about yours reserve. Your knowledge can inspire the mediocre, make them reading a guide.

Gary Gonzales:

Reading a reserve tends to be new life style with this era globalization. With looking at you can get a lot of information that may give you benefit in your life. Along with book everyone in this world can share their idea. Ebooks can also inspire a lot of people. Many author can inspire their particular reader with their story as well as their experience. Not only the storyplot that share in the publications. But also they write about the information about something that you need example of this. How to get the good score toefl, or how to teach your children, there are many kinds of book that you can get now. The authors in this world always try to improve their ability in writing, they also doing some research before they write for their book. One of them is this Finance: Applications and Theory with Connect Access Card.

Elizabeth Walborn:

This Finance: Applications and Theory with Connect Access Card is new way for you who has intense curiosity to look for some information since it relief your hunger info. Getting deeper you on it getting knowledge more you know or perhaps you who still having bit of digest in reading this Finance: Applications and Theory with Connect Access Card can be the light food for yourself because the information inside this kind of book is easy to get by simply anyone. These books produce itself in the form which is reachable by anyone, sure I mean in the e-book contact form. People who think that in reserve form make them feel tired even dizzy this publication is the answer. So there is absolutely no in reading a guide especially this one. You can find actually looking for. It should be here for anyone. So , don't miss it! Just read this e-book sort for your better life and knowledge.

Judith Ellis:

As a pupil exactly feel bored to be able to reading. If their teacher inquired them to go to the library or even make summary for some guide, they are complained. Just little students that has reading's heart or real their interest. They just do what the trainer want, like asked to go to the library. They go to right now there but

nothing reading critically. Any students feel that examining is not important, boring and can't see colorful photos on there. Yeah, it is to get complicated. Book is very important in your case. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. So , this Finance: Applications and Theory with Connect Access Card can make you sense more interested to read.
