Editorial Review

Review

I would love to meet this author in person. She comes across as such a spiritual and humble person! If that is what memorizing scripture does to a person then we should all get busy! I gave this book 5/5 stars. I thought the advice was practical and the personal examples informative. You will come away with a better understanding of why we should memorize scripture and a simple way to start. I would recommend this book to anyone who is interested in scripture and how it can benefit them as a Christian.

I would like to thank the publisher for the copy of this book I enjoyed reading. I gave an honest review based on my opinion of what I read.
