Madly (The Potion Diaries) By Amy Alward

Samantha may be falling for the beloved of the princess she is sent to save in this start to a hilarious, adventurous, and sweetly romantic trilogy.

When Samantha is summoned to the royal court of Nova for a secret mission, it's her chance to put her training to the test: Princess Evelyn has taken an illegal love potion with disastrous effects, and Samantha, like her ancestors before her, is great at mixing potions. She may not be one of the naturally Talented—those who can heal or transform at the wave of their hands—but she is skilled nonetheless, and determined to find an antidote and cure Princess Evelyn.

The problem? Princess Evelyn took the love potion to make her best friend Zain fall for her—and it's Zain who Samantha keeps encountering on her hunt for antidote ingredients. As forbidden sparks between them fly, Samantha is forced to wonder: will curing Princess Evelyn doom her own chance at love?

Editorial Review

From School Library Journal

Gr 7 Up—Samantha Kemi is destined to a life mixing potions in her family's famous but failing potion shop, until the royal princess swallows poison and Sam must compete in a Wilde Hunt to save her life. The Hunt challenges the best Mixers and Finders in the kingdom to create an antidote for a chance at a huge cash prize. Sam joins the tournament against her granddad's wishes, hoping to save the family business. She travels the globe and faces dangerous creatures to secure the necessary ingredients. Along the way, Emilia Thoth, exiled sister of the king, does her best to thwart the battling teams so she can claim the throne, but Sam soon finds out that her real competition is Zain Aster, heir to the Zoro Aster synthetic potion corporation. Zain reveals he has feelings for Sam, but she struggles to trust him as her family's business hangs in the balance. With so many plot elements to introduce, this work gets off to a clunky start, but Alward (pen name for Amy McCulloch) soon wins readers over with fast-paced adventure, high stakes, and just the right mixture of action, romance, and humor. Princess Evelyn, who has fallen in love with herself through some sloppy potion handling, steals the show with a series of hilariously perverse love scenes. The lighthearted fantasy universe mingles the contemporary and the classic, and teens will gladly suspend disbelief long enough to follow Sam on this journey and the sequels that are sure to come. VERDICT A fun read for fans who like their romance served with a big helping of magic.—Kimberly Ventrella, Southwest Oklahoma City Library

Review

"Inventive, romantic, and downright delightful, *Madly* cast its spell on me from page one, and is the most fun I've had reading in ages! Reminiscent of *Howl's Moving Castle*, readers will instantly wish they lived in the magical, modern world of Nova and fall in love (no potion required!) with the down-to-earth, resourceful, and relatable Samantha. Do *not* miss out on this book--you're in for a real treat!" (Sarah J. Maas, New York Times bestselling author of the THRONE OF GLASS series)

*"Amazing and strong female-driven storytelling, fueled by a fantastic plot, makes this a must-read." (VOYA, *Starred Review*)

"The continuous action and suspense will keep readers turning pages." (*School Library Connection*)
