## Making a Laminated HollowBody Electric Guitar By James English

If you think that making a guitar is impossible, then this book is for you. The only one of its kind, this book will teach you how to make a laminated archtop guitar. It can be done in a relatively small space and does not require many tools or expensive machinery, just a desire to do it. The book came about as the result of a suggestion and urging of my friend, Bob Benedetto. Because no other book is available for this type of construction, it is written in an easy-to-understand format and is priced so that almost anyone can afford it. It contains drawings and pictures with step-by-step easy-to-follow instructions so as to eliminate any guesswork. This book took four years to complete and is designed to help someone who wants to make this kind of guitar. It should serve as an excellent guide.
