### Roland Barthes (Key Contemporary Thinkers) By Michael Moriarty

This book provides a lively introduction to the work of Roland Barthes, one of the twentieth century's most important literary and cultural theorists. The book covers all aspects of Barthes's writings including his work on literary theory, mass communications, the theatre and politics. Moriarty argues that Barthes's writing must not be seen as an unchanging body of thought, and that we should study his ideas in the contexts within which they were formulated, debated and developed.
