Encyclopedia of Leadership 4 vol. set By George R. Goethals, Georgia Sorenson, George R. (EDT) Goethals, Georgia J. (EDT) Sorenson James MacGregor Burns

The **Encyclopedia of Leadership** brings together for the first time everything that is known and truly matters about leadership as part of the human experience. Developed by the award-winning editorial team at Berkshire Publishing Group, the Encyclopedia includes hundreds of articles, written by 280 leading scholars and experts from 17 countries, exploring leadership theories and leadership practice. Entries and sidebars show leadership in action - in corporations and state houses, schools, churches, small businesses, and nonprofit organizations.

Editorial Review

Review

"The enormous demands on leadership in today's world--the rise of militant followings; the struggle of long-suppressed people to rise to leadership positions; the heightened demand for moral, principled leadership--all these dynamic forces contribute to making this encyclopedia timely--and timeless." (James MacGregor Burns)

*"As the field of leadership studies expands, and the list of important authors and concepts grows, the time is at hand for a comprehensive **Encyclopedia of Leadership**. This collection will be welcomed by all who want to understand this important and complex field."* (Howard Gardner)

*"In 1975 a wag declared that the concept of leadership should be abandoned. It was not, of course. The 300 contributors to the **Encyclopedia of Leadership** are leaders among the many thousands of scholars responsible for the health and vast breadth of leadership studies. They show us that leadership plays an important, increasingly integral role today in fields ranging from world politics to community development."* (Bernard M. Bass)

*"This new **Encyclopedia** provides leaders with the historical perspective and a vision of the tenuous future so essential if leaders of the future are to redefine leadership on their own terms, with their own people."* (Frances Hesselbein)

*SAGE has, again, been the first to hit the market with a major reference in a rapidly growing field of the social sciences. Virtually every academic and large public library will need the **Encyclopedia of Leadership**.* (BOOK NEWS)

Because of its breadth, ease of navigation, high level of scholarship, clear writing, and practical format, this model encyclopedia should help establish leadership as a normative field of study. Highly recommended. (LIBRARY JOURNAL (starred review))

Because there really is nothing available like this encyclopedia, it is a must buy for academic libraries. Extremely well done, with good quality print and illustrations, this work should become an important resource for active citizens as well as for managers and scholars. (BOOKLIST (star review))

"Not just for reference, this is an essential learning resource for libraries and the personal collections of modern leaders. Narratives, examples, photographs, and illustrations illuminate the ideas and concepts being examined, making the set readable, attention-grabbing, and unordinary. Readers can explore leadership theories and practices, and examine the effects of leadership. More volumes are promised in this source that brings interest and excitement to a subject overlooked by the consultants, CEOs, and coaches whose earlier works captured a small view of leadership subject matter. Summing Up: Highly recommended for all collections." (CHOICE)

This groundbreaking encyclopedia attempts to explain fundamental questions of leadership studies. . . . From competition and charisma to mentoring and trust, this interdisciplinary guide supplies students, scholars and practitioners with an excellent introduction to current thinking on leadership. This innovative tool is highly recommended for academic libraries. (John R.M. Lawrence, Reference Librarian *Lawrence Looks at Books*)
