

Frankenstein: Character Studies

By David Higgins

Frankenstein: Character Studies By David Higgins

Mary Shelley's *Frankenstein* is one of the most widely read novels of all time. Its two central characters, the scientist Victor Frankenstein and the being he creates, have gained mythic status in their own right. Engaging with the novel's characterization is crucial to gaining a real understanding of its themes and contexts, including education, gender difference, imperialism, personal identity, revolutionary politics, and science.

This study includes: an introductory overview of the novel, including a brief account of its historical and literary contexts; its reception history; discussion of the major themes and narrative structure; detailed analysis of, the representation of main characters, such as Walton, Frankenstein, and the creature; and a conclusion reminding students of the links between the characters and the key themes and issues.

Editorial Review

Review

'Sympathetic, beautifully argued and compulsively readable...The issues surrounding Shelley's great novel live again in Higgins's fresh, lucid prose'. - Gregory Dart, University College London, UK

"...a lot to offer to teachers...useful aid..."

The Use of English, Summer 2009

About the Author

David Higgins is Lecturer in English Literature at the University of Leeds, UK.

Users Review

From reader reviews:

Harold Sparkman:
