Skin (Insatiable Series) (Volume 1) By Patrick Logan

They say nothing bad ever happens in quaint Askerkan County. To Cody Lawrence it sounds like the perfect place for a family winter getaway. But everything *'they'* say about Askerkan is wrong... dead wrong.

For the first time on record, a blizzard is blowing over Askerkan--a storm so powerful that it knocks out a local power line, trapping his family inside with no heat and no electricity.

Cody believes all he has to do is to protect his wife and daughters from frostbite. But when he hears a haunting voice in the blizzard urging him into the storm, he realizes that the stakes are much greater than frozen fingers and toes. Something in the driving snow won't be content until Cody heeds its call and delivers his entire family, presenting the gift of their smooth, supple *skin*...

Readers describe **Skin** as:

"...stomach churning..."

"...vivid..."

"...bizarre..."

"...gripping..."

"...engrossing..."

If emotionally flawed characters, crisp dialogue, and action-driven plots turn your crank, then you will enjoy Logan's psychological exploration of how guilt and remorse shape decisions in the face of unspeakable horror.

*Revised edition; includes editorial revisions and the first two chapters of the sequel *Crackers**

"A great horror read with an engaging plot, good characters and a fairly high pace. Well recommended to anyone who like early Stephen King or Cliver Barker." - Mattias, *Goodreads Review*

"Any author can write a book about the big bad monster coming after the characters, but it takes a really good writer to keep you scared without telling you what is after you. After all, the brain can conjure so many more horrifying things..." Robert G., *Amazon Reviewer*

"The story was great, preposterous and very gross, but I could not put it down. I thoroughly enjoyed reading this story and am wondering where the author got his imagination." - MdianeM, *Amazon Reviewer*
